

## Description

Coax feedthroughs are utilized to penetrate an RF shielded enclosure without degrading RF shielding effectiveness

## Specification

**Standard types are:** N-Type, BNC, SMA and TNC feedthroughs  
**Standard mounting:** Bulkhead panel

### BNC

BNC female to female bulkhead hermetically sealed coaxial feedthrough

### SMA

SMA female to female bulkhead coaxial feedthrough

### N-TYPE

N-TYPE female to N-TYPE female bulkhead hermetically sealed coaxial feedthrough

### TNC

TNC female to BNC female coaxial feedthrough
